

80 years of MISiS

- 80 years of formation of branch scientific and production elite 4**

SOCIAL PARTNERSHIP

- Ageeva E. Actual legal problems of social partnership» 5**

PROFESSIONAL TRAINING

- Osloпов A.A. Personnel training at the present time 8**

METALLURGIST-INFO

- Events in figures and facts. Prepared by A.M.Nemenov 9**

AUTOMATION • MANAGEMENT • COMMUNICATION

- Krapukhina N.V., Perminov S.S. 19**
Bundled software for investigation, simulation, optimization and control of innovative technological processes in metallurgy
- Vasil'eva T.Yu. Automation of equipment diagnostic, testing and repair in system «1C: Enterprise» 22**

COMPANY PRESENTATION

- Automation of system for tool change of the firm LINZINGER – advantages are evident 25**

SCIENCE • TECHNICS • PRODUCTION

Energy saving. Resources saving

- Belen'ky A.M., Dubinsky M.Yu., Kalimulina S.I. 26**
Industrial experiment is the basis for energy saving policy in metallurgical heat technology
- Filippov L.O., Filippova I.V., Severov V.V. 30**
New technology for production of hematite concentrate from current wastes of ferrous quartzites processing
- Romenets V.A., Valavin V.S., Pokhvisnev Yu.V., Makeev S.A., Gimmel'farb A.I. 34**
Application of Romelt innovative technology for processing of iron bearing wastes of mining and metallurgical enterprises

Malysheva T.Ya., Detkova T.V., Loginov I.V., Gorshkolepova A.V.	38
Phase composition and structural features of industrial sinter of Cherepovetsky iron and steel works «JSC Severstal»	
Chernousov P.I., Golubev O.V., Petelin A.L.	43
Investigation of gallium behavior in BF smelting	
Alekseeva T.Yu., Filichkina V.A., Karpov V.A.	47
Innovative investigations of subdepartment of certification and analytic control in area of chemical analysis of secondary metallic raw material	
Salikhov Z.G., Gazimov R.T., Salikhov K.Z.	50
New method of slab cooling in secondary cooling zone of CCM, providing computer control of slab crystallization process	
Gorbatyuk S.M., Sedikh L.V.	53
Increase of rolls life	
Nikulin S.A. Material scientific solutions of innovative problems for high-technology branches of industry	55
Sokolov V.A. Development of melted oxide materials production	59
Nonferrous metals and alloys	
Belov N.A., Belov V.D., Alabin A.N., Mishurov S.S. Sparingly alloyed aluminium alloys of new generation	62
Belov V.D., Koltigin A.V., Belov N.A., Plisetskaya I.V. Innovations in area of cast magnesium alloys	67
Portnoy V.K., Mikhaylovskaya A.V., Ryazantseva M.A.; Solov'ev S.M. Effect of cladding on aluminum alloy superplasticity	71
Korol'chenko A.S., Legotin S.A., Murashev V.N., Orlova M.N. New generation of solar batteries – hybrid solar batteries with nanoclusters	75
CONFERENCES • SEMINARS • EXHIBITIONS	
Kurunov I.F. BF production – XXI century	78
Belen'ky A.M., Korotchenko N.A. Energy saving technologies and furnace units in metallurgy and machine manufacturing	83
XIV International specialized exhibition and conference «Mining equipment, mining and dressing of ores and minerals – MININGWORLD RUSSIA»	84
Ivanova N. High-efficiency technologies of equipment repair and reconditioning	86
Results of the Third International conference «METALLURGY-INTEKHEKO-2010» are summarized	88
